Performance

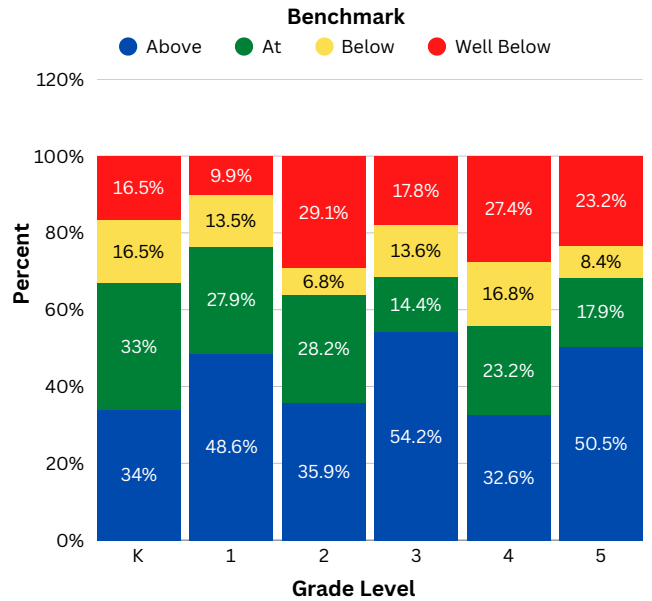

DIBELS - End of Year

DIBELS® (Dynamic Indicators of Basic Early Literacy Skills) is a set of procedures and measures for assessing the acquisition of literacy skills. They are designed to be short (one-minute) fluency measures that can be used to regularly detect risk and monitor the development of early literacy and early reading skills in kindergarten through fifth grade.

Standards Based Grading

Standards-based instruction and reporting (SBIR) is an equity-based instructional and grading practice grounded in consistent learning goals that are explicitly aligned to grade-level curriculum. Reporting of student progress is relative to the expectations of the learning goals rather than a comparison among and between students. Evidence of student understanding is gathered through multiple measures.
